this student friendly introduction to contemporary concepts and ideas will show why an understanding of political concepts is crucial to an understanding of political issues by using real life examples to relate political ideas to political realities the hugely experienced author team make the subject lively and contentious in order to stimulate students to think about political theories in a new and refreshing way introduction to political concepts discusses traditional concepts such as state liberty and justice using exposition and argument the book enables readers to understand these traditional concepts and to develop a position on them it also covers contemporary concepts such as difference human rights and terrorism where the problems that these concepts

address have either developed recently or have been given a new urgency by contemporary events suitable for 1st and 2nd year undergraduates studying political theory

this new edition of ponton and gill s well known text continues to provide students with a superlative guide to political concepts and institutions the second edition has sold in excess of 5 500 copies thoroughly revised and updated also two completely new chapters on global politics clearly structured for course use each chapter length to suit a week s reading clearly written and accessible very lucid introduction to political concepts

explains the basics of political science political science an introduction 13 e provides a comprehensive and jargon free introduction to the field s basic concepts and themes it draws examples from the u s and other countries to introduce the entire field of political science to new readers the authors stress how exciting politics can be balancing practical and theoretical knowledge mypoliscilab is an integral part of the rosikin cord medeiros jones program activities and videos help readers engage in the material and retain its main points readers can watch videos that explore the key topics of politics and participate in simulations that allow them to experience politics firsthand assessment in mypoliscilab helps gauge readers progress note mypoliscilab does not come automatically packaged with this text to purchase mypoliscilab please visit mypoliscilab com or you can purchase a valuepack of the text mypoliscilab at no additional cost valuepack isbn 10 0205979432 valuepack isbn 13 9780205979431 0205979432 9780205979431 political science an introduction plus new mypoliscilab with pearson etext access card package package consists of 0205949975 9780205949977 new mypoliscilab with pearson etext valuepack access card 0205978002 9780205978007 political science an introduction

first published in 1953 this seminal introduction to political philosophy is intended for both

the student of political theory and for the general reader after an introduction which explains the nature and purpose of philosophy Dr Murray provides a critical examination of the principle theories advanced by political philosophers from Plato to Marx paying special attention to contemporary issues the book also makes an attempt to define the essential issues of philosophical significance in contemporary politics with special reference to the conflict between political authority and individual rights and to show how the different moral assumptions underlying authoritarian and democratic systems of government are ultimately based upon different theories of logic

excerpt from introduction to political science at the present time no field of knowledge is growing more rapidly into favour both in the colleges and universities and among thinking people in general than that of the social science looking to the past they are linked with the whole process of biologic and psychologic evolution and trace the origin and development of human institutions and ideas dealing with the present they describe the organization and activities of those social groups in which we all live looking to the future they open up the important political economic and social problems that future generations must solve within this general field probably no subdivision so happily combines material of academic interest to the student and possibilities of practical application as does political science the state is the greatest institution that man has created and its scope of activities promises to be increasingly extensive as society becomes more complex it seems therefore that there is need for a book that will give a general outline of political science viewing the state from the standpoint of past development and present conditions for the special student in this department of knowledge it will serve as a background for more specialized work in its various divisions for the general reader it will open up the important questions with which in modern democracies all good citizens should be familiar there is an especial need for a text book in political science for college and university classes and in the arrangement and treatment of material in this volume that end has been constantly kept in mind the

references at the head of each chapter will suggest wider reading and open up the general literature of the subject this volume aims to add little to the sum total of human knowledge about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

why politics matters an introduction to political science is a full color accessible introduction to political science organized evenly around the major divisions within political science theory american government comparative politics and international relations why politics matters follows a foundational approach to learning and gives students a big picture of the field the authors approach the subject through a theme of theory and practice and emphasize why politics matters to the reader through current global examples encouraging critical thinking discussion and participation throughout the text why politics matters is the first and only introduction to political science book offering a fully integrated and customizable online reader coursereader with a full slate of recommended primary source readings compiled by the authors each coursereader selection is called out in the text alongside the relevant discussion and is accompanied by critical thinking questions to help students apply the reading to their chapter lesson you can further customize coursereader for your class by choosing from the thousands of documents and videos within our introduction to political science set and even adding your own notes and highlights before publishing your unique online reader for students to access important notice media content referenced within the product description or the product text may not be available in the ebook version
